

## The Plutocrats

PLUTOCRAT 1 Worried that Dems will take presidency too?

PLUTOCRAT 2 No. And they will. Their candidates can add a column of figures.

PLUTOCRAT 1 Harsh! Besides, morons are malleable—you don't have to look too far.

PLUTOCRAT 2 They all are plastic. Dems have different song and dance but manage to do both with a hand extended.

PLUTOCRAT 1 You're a Republican, though, right? The electric field of the earth hasn't shifted polarity!

PLUTOCRAT 2 More than right! But they sicken me! Holding down the niggers by caging and other filthy electoral frauds doesn't a policy make. Besides which, though our ancestors were utter pirates, we don't have to be. Nor does our party.

PLUTOCRAT 1 Wow! Guy in the street'd be surprised we're just not out to gouge him!

PLUTOCRAT 2 Well, he'd be wrong on that score! But you can have Patriots everywhere.
